

CONTESSA

Contessa brings together design traditions from Morocco, Italy, China, Spain and France to create a singular collection of hand-painted tile. Choose from a selection of traditional patterns updated with contemporary colors, inventive graphic applications and exclusive metallic glazes. Contessa offers unique decorative surfaces perfect for today's eclectic design styles.

Type of Product	Durability/Application*	Variation*	Special Notes
CERAMIC			
CONTESSA	Medium/Antique		
Silver and Gold Leaf Tile	Light Duty Interior vertical applications only. Subject to fading if exposed to direct sunlight. Not suitable for wet environments, like shower walls.	Antique	This information pertains to <i>Maroc - Silver Leaf, Sevilla - Silver Leaf, Florentina - Gold Leaf, Arabesco - Silver Leaf and Gold Leaf</i> . The Contessa Metallic finish tiles are a handcrafted decorative tile with special characteristics which limit its use when compared with traditional ceramic tiles. Sealing: This product is pre-sealed. For resealing, use only water based sealers. Chemical based sealers may permanently damage the finish. Important Note: If taping off for protection or other purposes use only "Faux Finish" masking tape. Other more adhesive tapes may permanently damage the antique finish. Cleaning: Non abrasive, PH balanced cleaner like Murphy's Oil and a soft sponge are recommended. Never use abrasive cleaning pads or cleaning solutions that contain bleach or ammonia as they may permanently damage the antique finish.
